The University of Idaho, Washington State University and Oregon State University cooperate in a program of veterinary medical education (WOI Veterinary Medical Education Program) established in 1974. The Doctor of Veterinary Medicine (DVM) degree is awarded by Washington State University (WSU) and Oregon State University (OSU).

Major Functions and Targeted Performance Standard(s) for Each Function:

- 1. Provide access to veterinary medical education for Idaho residents.
 - A. Provide enrollment opportunities for a total of 44 Idaho residents in veterinary medical education, including 11 new first-year enrollments per year.

-						
	Actual Results					
	1997	1998	1999	2000		
Ī	44	44	44	44		
Ī	Projected Results					
Ī	2001	2002	2003	2004		
Ī	44	44	44	44		

- 2. Assist Idaho in meeting its needs for veterinarians.
 - A. Provide Idaho-trained, Idaho-resident graduate veterinarians to meet annual employment demands for the State. Forty-four percent of the WOI Program participants currently practice in the State of Idaho.

Actual Results					
1997	1998	1999	2000		
33%	45%	45%	50%		
	Projected	d Results			
2001	2002	2003	2004		
50%	50%	50%	50%		

- 3. Furnish intern opportunities in food animal veterinary medicine for a portion of the students in the WOI Veterinary Medical Education Program at the Caine Veterinary Teaching Center.
 - A. Provide the opportunity for 65 one-month blocks annually in food animal production medicine and clinical experience at the Caine Veterinary Teaching Center.

Actual Results							
1997	1997 1998 1999 2000						
65	65	65	65				
	Projected	l Results					
2001	2001 2002 2003 2004						
65	65	65	65				

- 4. Provide access to referrals from Idaho veterinarians in the areas of food animal production, diagnosis, and clinical evaluation of diseases.
 - A. Provide continuing access for hospital clinical referrals, disease diagnostic testing, and field disease investigations for Idaho food animal veterinary practitioners. This will include 750 live animal hospital referrals and 7,500 diagnostic cases annually.

	Actual Results					
1997	1998	1999	2000			
639/5,348	707/13,600	768/12,340	973/9,544

2001	2001 2002 2003 2004					
750/10,000	750/10,000	750/10,000	750/10,000			

Educ - Health Programs WOI Veterinary Medicine

Program Results and Effect:

The University of Idaho is a full partner in the program with a contractual relationship with Washington State University providing access to veterinary medical education for 44 Idaho residents. Idaho students receive their DVM degrees from WSU. The University of Idaho provides educational opportunities for students in the WOI Veterinary Medical Education program through 65 one-month blocks in food animal production and clinical experience at the Caine Veterinary Teaching Center (CVTC) in Caldwell. Faculty at the CVTC cooperate with Idaho veterinarians in food animal production, diagnosis and clinical evaluation of disease.

For more information contact Larry Branen at 885-6681.

The WWAMI Program provides the opportunity for citizens of Idaho to receive a medical education from the University of Washington. The first year is offered at the University of Idaho, and clinical rotations in the third and fourth year may be taken in Idaho.

Major Functions and Targeted Performance Standard(s) for Each Function:

- 1. Educate medical students to become competent physicians.
 - A. Maintain adequate application pool.

Program Results and Effect:

The WWAMI Medical Program provides medical education to the citizens of the State of Idaho through the University of Washington School of Medicine in cooperation with the University of Idaho. Our primary goal is to provide an excellent medical education. Our mission is to provide an emphasis in primary care medicine with a rural orientation to meet Idaho's special needs.

The WWAMI Program offers the first, third and fourth years in Idaho, through the University of Idaho, the Idaho Track and the WWAMI Rural Integrated Training Experience.

Programs such as Medical Scholars, Ambassadors, U-DOC, and Native American Center of Excellence encourage young people from rural or minority groups to enter health careers.

For more information contact Mike Laskowski at 885-6696.

The Idaho Dental Education Program is designed to provide Idaho residents educational avenues so they can pursue a career in dentistry.

Major Functions and Targeted Performance Standard(s) for Each Function:

- 1. Access to a quality doctoral education program.
 - A. Contracting dental school will have national board scores greater than 70th percentile. (Part I/Part II)

	Actual	Results	
1997	1998	1999	2000
87.28/84.42	90.10/88.16	90.25/88.25	90.50/88.50

2	2	2	2			

Program Results and Effect:

The Idaho Dental Education Program has provided Idaho's residents with the opportunity to access dental education as if Idaho had their own dental school. The program has been able to provide that level of access without incurring cost similar to developing and funding of an in-state dental school. The program's participants have returned to Idaho to practice dentistry in acceptable numbers and have provided practicing dentists with the opportunity to participate in continuing education programming. One of the objectives of the program is to continue to provide positive effects for the citizens of Idaho which it has provided in the past. To achieve that objective and to expand the future role of the program in fulfilling its broad mission will require the continued effort and diligence which has been the hallmark of the program for the past 18 years.

For more information contact Steven W. Friedrichsen at 282-3289.

The Family Practice Residency of Idaho was established in 1975 to train health care providers for rural and underserved areas. The mission statement of the program is "to provide family practice residency physicians three years of high quality education with a strong focus on the unique demands of rural family practice".

Major Functions and Targeted Performance Standard(s) for Each Function:

- 1. To address the need for family physicians in Idaho.
 - A. The program will graduate 9 family physicians per year in good standing.
